

## TASK TO COMPLETE FOR AN WEBSITE

Technology		
	NHD Weebly	Create a new website at <a href="https://nhd.weebly.com/">https://nhd.weebly.com/</a> Submit the username, password, and published URL to the teacher
	Google Folder	Create a Evidence Folder to storage visual and video files for project
	Video Downloading & Editing	Identify online video downloading websites to save videos <a href="https://itube.aimersoft.com/download-youtube/top-website-to-download-youtube-videos.html">https://itube.aimersoft.com/download-youtube/top-website-to-download-youtube-videos.html</a>
Analysis Statements		
	Creating Argument	Transfer key argument sentences to 'Website Mockup Chart' from written paper.
	Analysis Statements Paragraphs	After teacher approval, create paragraph form analysis statements in a document. Include titles for each paragraph and format. Insert a transition word at the beginning of each point. <b>(CHECK SPELLING AND GRAMMAR)</b>
	Word Limit	Check word count of analysis statements including all titles. 1200 word maximum (Timeline text counts in word count)
Evidence		
	Visual Evidence	Insert gathered primary source into 'Website Mockup Chart.' (Link to videos in Google Drive) Identify source archive and year. Every argument point must by supported by primary source evidence.
	Type of Evidence	Use a variety of evidence including pictures, political cartoons, documents, etc Avoid duplicate images and non-action photos. Quotes support visuals. Almost every content page should include a multimedia source. <b>(4 minutes total limit)</b>
Project Construction		
	Website Theme	Choose a theme design that highlights the topic presented with easy to navigate.
	Home Page	The project homepage must include names of participants, entry title, division, number of student-composed words in the website, number of words in the research description, and the navigation menu.
	Project Page Layout	Pages should have a similar layout and large headers so not distracting. Also there can be <b>NO ACTIVE LINKS</b> to outside pages. Recommend using only 12 pages including Home, Research Description, and Annotated Bibliography.
	Written Evidence	Insert analysis statements to include titles on the page. Quotes are different from analysis statements and must include citations of speaker and role for each.
	Print Visual Evidence	Each piece of evidence must include the citation of archive and year.
	Text Color Use	Use one color for all analysis statements and another for quotes.
	Exhibit Layout	Receive teacher approval of exhibit layout before gluing anything to the board.
Documentation		
	Website Citations	Check that all visual evidence has been cited within website
	Research Description	Copy and paste Research Description (500 words) in own page.
	Annotated Bibliography	Copy and paste Annotated Bibliography into own page. It needs to be alphabetized and separated into primary and secondary sources.
Project Submission		
	Publication	Republish website to make changes public
